1.1 The Australian Volleyball Schools' Cup is the largest school-based sporting event in Australia, attracting hundreds of teams from across Australia and internationally and is owned and delivered by Volleyball Australia. These regulations have been developed to provide an event that is professionally delivered and fair to all who participate and to provide an environment that encourages ever increasing levels of competition that are the prime ingredients in maximising the enjoyment of everyone involved. A penalty is defined in the FIVB Rules of the Game by the Misconduct Sanction Scale. Penalties such as a coach losing an "on the spot" protest will not be included in the cumulative penalties count.

7.1.4.2 If a player or coach is sanctioned with an expulsion (red and yellow card together) or disqualification (red and yellow card separated) they will be liable for a suspension or exclusion from the tournament. ### 7.1.5 Libero per Set Rule for honours and divisional matches

7.1.5.1 Only one Libero is to be nominated per set. The coach must nominate the player's playing number at the start of each set on the rotation slip. A different player can be nominated as the libero for any set. Teams may choose to play without a libero in any set.

7.1.5.2 For the divisional matches, the Libero player in each set must be designated by the wearing of a contrasting bib or shirt, which has a different dominate colour from any colour of the rest of the team. Any or no number on the Libero shirt is irrelevant.

7.1.5.3 Competition points, set %, points %

#### Competition Points

Win	Draw	Loss	Forfeit
3 points	2 points	1 point	0 points

#### Set Ratio

If a tie exists after Competition points, the order of ranking will be determined by Sets Ratio, with the team with the highest set ratio (to three decimal points) will be awarded the higher placing in the round robin.

$$\text{Set Ratio} = \frac{\text{Sets Won}}{\text{Sets Won} + \text{Sets Lost}}$$

#### Example of Set Ratio Process

Team A: won 12 sets, lost 8, played 20                      Team B: won 10 sets, lost 9, played 19  
 Team A Set Ratio =  $\frac{12}{20} = 0.600$                       Team B Set Ratio =  $\frac{10}{19} = 0.526$

Team A has the highest set ratio and is therefore awarded the higher placing in the round robin.

#### Points Ratio

If the tie still exists after the calculation of the Sets Ratio, the order of ranking will be determined by Points Ratio. The team with the highest Points ratio (to three decimal points) will be awarded the higher placing in the round robin:

$$\text{Points Ratio} = \frac{\text{Points Won}}{\text{Points Won} + \text{Points Lost}}$$

#### Example of Points Ratio Process

Team A: won 444 points, lost 356, played 800                      Team B: won 421 points, lost 279, played 700  
 Team A Points Ratio =  $\frac{444}{800} = 0.555$                       Team B Points Ratio =  $\frac{421}{700} = 0.601$

Team B has the highest Points Ratio and is therefore awarded the higher placing in the round robin.

If the tie still exists after the calculation of the Points Ratio, the order of ranking will be determined on the basis of aspects of matches completed between the tied teams.

### 7.1.6 Playing Area

7.1.6.1 The playing area is limited by the nearest obstruction, or adjacent court boundary (court line) and its vertical projection.

7.1.6.2 The grey shaded areas indicated where a ball cannot be retrieved;

Any ball retrieved from outside the playing area is no longer in play or playable. Should one of the referees, or lines people declare the ball out, the rally shall be immediately halted and awarded to the team not at fault. If there is any doubt in regards to player safety all match officials are urged to halt a rally. In the action of playing the ball, the player must remain completely within the playing area. This rule applies for the two Gerflor i.e. Taraflex show courts, regardless of the change in floor surface.

7.1.7 Blood

7.1.7.1 Matches cannot proceed if there is a bleeding player, or blood on balls, equipment, the court or clothing. Should bleeding occur, the player must be removed from the game and cannot take their place on the court until there is no more evidence of blood or bleeding. This shall consist of 6 minutes general warm up, 6 minutes spiking together, 1 minute serving, 1 minute coaching instructions and 1 minute for duty to check line-ups. Other combinations of time allocation may be used with mutual agreement of the coaches, but the overall time may not be increased.

7.2.2.2 Match Duration

7.2.2.2.1 Where the participating teams could still finish in the top 4 placings for that division, best of 5 sets shall be used - sets 1-4 are played to 25 points and set 5 (the deciding set) is to 15. In all sets a lead of two points is required. All other matches are best of 3 sets. Sets 1 and 2 are played to 25 points and set 3 (the deciding set) is played to 15.

7.2.2.3 Match Format

7.2.2.3.1 To win a match, a team must win 3 out of 5 sets in the best of 5 sets format, or 2 out of 3 sets in the best of 3 sets format. All sets are played with Rally Points System (every rally scores a point).

7.2.2.3.2 A set is won by the team which first reaches 25 points with a 2 point advantage, except in the deciding set where it is 15 points with a 2 point advantage. There is no point limit in any set. In the deciding set the teams change ends at 8 points.

7.2.2.3.3 There are two time outs (per team) in each set including the deciding set. Each time out will have duration of 30 seconds.

7.2.3 **Divisional**

7.2.3.1 Match Warm Up

7.2.3.1.1 Teams shall be given a minimum of 10 minutes warm up on the match court. This will consist of 3.5 minutes general warm up, 3.5 minutes spiking together, 1 minute serving, 1 minute coaching instructions and 1 minute for the duty team to check line-ups on the court. Other combinations of time allocation may be used with mutual agreement of the coaches, but time may not be increased.

7.2.3.2 Match Duration and Format

7.2.3.2.1 Pool Matches

7.2.3.2.1.1 These matches have a fixed playing time of 60 minutes, in addition to the warm up as described above. The start and finish of a match will be signalled by an audible siren, or similar. If the referee has whistled for service prior to the final siren, then that rally must be played, and shall count toward the

scores. The referee alone shall determine whether the whistle preceded the siren.

7.2.3.2.1.2 Sets are played to 25 points. A team wins a set when they have a score of at least 25, with a lead of 2 points. Any number of sets may be completed within the specified playing time. In particular the match does not end when a team is leading 2 sets to nil.

7.2.3.2.1.3 A set that has not reached a normal conclusion when the final siren sounds, shall be counted as a completed set if the leading team has reached a score of at least 13 points, with a lead of at least 2 points.

7.2.3.2.1.4 The winner of a match shall be determined by the number of sets won. If teams are equal on sets, then the winner shall be determined by the total number of points won in all sets, completed or not. If the teams are still equal then the result is a draw. **See Attachment 4 for examples of a win, loss and draw.**

7.2.3.2.1.5 If the final siren sounds to signify the end of the match during a rally, the rally must be played out.

7.2.3.2.1.6 Time-outs are not permitted during the final 5 minutes of a match. A time-out which commences prior to the last five minutes shall be completed normally. It is the referee's responsibility to check the running clock, before authorising a time out.

7.2.3.2.1.7 Substitutions are permitted during the final 5 minutes of a match, but teams delaying the substitution process during this time should expect the strict application of the rules in relation to time-delays.

#### 7.2.3.2.2 All Repechage Matches

7.2.3.2.2.1 Such matches come under a heading of 'Repechages' outlined on the page of the online results system. Not all divisions have Repechage matches.

7.2.3.2.2.2 As for Pool Matches, with one exception:

7.2.3.2.2.3 A match cannot be a draw. Should the result of a match be a draw at the normal conclusion of the match, then one additional rally shall be played and included in the score, thus breaking the tie.

#### 7.2.3.2.3 Finals Matches

7.2.3.2.3.1 Such matches come under headings of 'Quarter Finals', 'Semi Finals' or 'Playoffs' on the Divisional Draw diagram provided on the page of the online results system.

7.2.3.2.3.2 To win a match, a team must win 2 out of 3 sets. All sets are played with Rally Points System (every rally scores a point).

7.2.3.2.3.3 A set is won by the team which first reaches 25 points with a 2 point advantage, except in the 3<sup>rd</sup> and deciding set where it is 15 points with a 2 point advantage. There is no point limit in any set. In the deciding set (3<sup>rd</sup>) the teams change ends at 8 points.

#### 7.2.3.2.4 Shortened Matches

In the event a timed game is shortened due to injury or unforeseen circumstances the following will apply:

- If 30 minutes of play has been completed a result will be declared for the game at the time of suspension based on the rules for timed matches – refer rule 7.2.3.2.1.
- If less than 30 minutes of play has been completed
  - If one team, according to rule 7.2.3.2.1, has achieved 2 sets, the result will be declared accordingly
  - If Not, then
    - For pool matches the result will be declared a draw, but actual sets and points won will be credited to each team
    - For repechage matches, the match will be determined by total points won. Should this be equal, then if one team holds a lead on sets, they are the winner, otherwise the winner shall be the team that was leading (on total points) prior to the last rally that was conducted.

## 7.3 On the spot Protest

- 7.3.1 ALL GAMES: On the spot protests will be decided in the first instance by a Referee Supervisor. If not resolved, the Referee Delegate will be asked for a ruling. Resolution will be immediate and the match will resume as directed by the mediator. The match will not be replayed. If a protest is upheld the match will resume immediately. If the protest is rejected the coach will be issued a penalty and the game will resume immediately.

- 7.4.5.3 Any team who fails to advise the Commission of a potential sponsorship conflict prior to the event may be required by the Control Committee to remove or blank out the offending sponsor's logo or message before being permitted to compete in the event.
- 7.4.5.4 Any logo or message on playing uniforms must be consistent across all members of a team.
- 7.4.5.5 The maximum size of any logo or message on the front or back of a playing shirt shall not exceed 25cm in width and 10 cm in height and shall be at least 5cm clear of the playing number.
- 7.4.5.6 The maximum size of any logo or text on playing shorts shall be 10cm in width and height and may only appear on the front of the shorts.
- 7.4.5.7 Should any logo, graphic or text, attached to or printed on a playing uniform in any form, be it sponsorship related or not, be judged to be offensive by the Control Committee, the team shall not be permitted to compete until such time as the offensive item is removed or blanked out.

<http://www.volleyballaustralia.org/index.php/about-us/anti-doping>.

As an official National Championship, all participating athletes agree to be bound by and are subject to this Policy, including random drug testing by the Australian Sports Anti Doping Authority (ASADA) under its legislation.

9.11.1 Players are expected to respect playing venues and any signage and rules that exist. Participants who fail to respect these rules, or who litter, may be subject to discipline within the general context of the tournament and may be liable to sanctions such as suspension for a match or a number of matches.

9.11.2 Any official of the AVSC has the authority to report offences to the Tournament Control Committee for further action.

9.13.2 A player's DOB found to be in error in honours division may result in the team forfeiting all matches in which that player participated.

## 10 SANCTIONS

### 10.1 Player & Team Eligibility

10.1.1 Sanctions for non-compliance of team eligibility (refer **Section 3**) and player eligibility (refer **Section 4**) will be considered by the Tournament Director at the event.

10.1.2 The officials of the teams in breach need to show cause to the Tournament Director, as to why a sanction should not be imposed on that team.

10.1.3 Depending on severity of breach, levels of sanctions may vary from warnings, forfeiture of competition points, fines and/or expulsion from the event. A review of future inclusion in subsequent events may occur.

10.1.4 Officials can appeal the decision to the Control Committee in writing within 1 hour of the receipt of the decision.

10.1.5 The Control Committee's decision shall be final.

## 11. Attachment 1 - Twelve (12) Substitution Rule & Libero per Set

- a) A team shall be allowed a maximum of twelve (12) substitutions in any one set. Players starting a set may be replaced by a substitute and may subsequently re-enter the set twice. Each substitute may enter the set three times. A player shall not enter the set for a fourth time (starting shall count as an entry). Players re-entering the set must assume the original position in the service order in relation to other team mates. No change may be made in a player's position in the service order unless necessitated by an injury requiring an abnormal substitution under the provisions of paragraph b) below. Any number of players may enter the set in each position in the service order.
- b) If through any injury a player is unable to play and substitution cannot be legally made the team is entitled to make an EXCEPTIONAL substitution beyond the limits of paragraph (a). (This means that ANY player may replace the injured player including a libero to their number).
- c) If through injury or accident a player is unable to play and substitution cannot be made under the provisions of paragraph a) or b), the first referee may grant a special time-out under the provisions of the rules of the game.
- d) If a team becomes incomplete through expulsion of a player and substitution cannot be made under the provisions of paragraph a) above, the team loses the set by default, keeping the points acquired. If a team becomes incomplete through disqualification of a player and substitution cannot be made under the provisions of paragraph a) above, the team loses the match by default, keeping the sets and points acquired.

### Example

The following diagram illustrates how substitutions are recorded on the scoresheet.

		II	III	IV	V	VI
10		4	11	2	1	7
6	3			5		
10				2		
9				5		
8				②		
⑩				↶		
8						

In the example shown above, the starting line-up is 10, 4, 11, 2, 1 and 7.

This means that these players made their first entry for the set. The coach then substitutes into position one (I) players numbered 6, 9, 8 and 3. Number 10 has made three (3) entries and is not permitted any more entries for the set. The same can be said for player number 5 in position four (IV).

The players numbered 10, 6, 9, 8 and 3, must remain in position one (I) on the scoresheet and none of them can be used to substitute into another position in this set. For example, player 8 has only appeared twice so far and can therefore make another appearance on court but only in position one (I) and only if no more than twelve substitutions are used per set.

In the example shown above, all twelve substitutions have been used.

The scorer recording the substitutions will use the left side column first for each position and when the left is full use the right side column.

There is no requirement to record the score at the time of each substitution.

The scorer reports the 11th and 12th substitutions of the team and the third court entry of a player to the second referee who then indicates to the coach concerned and First Referee in that order.

### Libero per Set

Refer to section 7.1.5.

## 12. Attachment 2 - Regional Upgrades for Honours Divisions

This document explains the new system that has been developed in order to replace the Honours level referee accreditation that was implemented three (3) years ago. The Honours accreditation was developed in order to address a number of shortfalls in the refereeing structure for indoor volleyball.

At present an Honours level exists for the more advanced player/referee who attends AVSC and is entered into an Honours division.

Currently these students are assessed by an approved 'Honours Assessor', getting this approval allows them to officiate Honours games, but this accreditation is only specific to AVSC.

The Volleyball Australia Referee Committee (VARC) is adopting this new system to ensure that we continue to encourage referees moving through the various accreditation levels.

This document recognizes:

- The role that the Australian Volleyball Schools' Cup plays in the development of referees at the Foundation level (Level 1) and therefore its role in the pathway to higher levels of officiating;
- The resource constraints of the VARC and VA's Member States;
- The experience, skills and attributes of people involved with the AVSC that are not involved in the activities of the State Referee Commissions.

Refereeing is not simply about 'knowing the rules'. Whilst a referee needs to know the rules, the application of those rules, the understanding of how the rules inter-relate and how they are then applied and the ability of an individual to manage and control the game are also important. The importance of each of these aspects varies, depending on the level of the referee.

### FOUNDATION (LEVEL 1) TO DEVELOPMENT (LEVEL 2) REFEREE ASSESSORS

The movement of referees from level 1 to level 2 grading is the first step in the refereeing pathway. A person assessing the competency of a person moving from level 1 to level 2 requires:

- Knowledge and understanding of the rules of volleyball
- Understanding of the game management and control aspects
- An ability to assess and provide constructive feedback to a referee.

VA has introduced the assessor process that will include a broader group of people that would not traditionally assess referees. The role of these assessors is to assess, provide feedback and recommend the upgrade of people from Level 1 to Level 2 where basic criteria is met.

#### **The Criteria for a Level 2 Assessor are:**

- Current referee grading of 'Level 2' and approved by their State Referee Commission
- OR**
- Involved in a State or National volleyball school competition, *State team program/ other relevant HP program* as a coach/manager for at least 3 consecutive years or over a 5 year period if not consecutive;
- and**
- A referee grading that is current. Note: If the referee grading is 'Level 1' the person's grading must not have expired; **and**
  - A teaching, training or similar qualification e.g. Cert VI.

To be recognised as a Level 2 Assessor, a person that believes they meet the criteria will apply to their State Referee Commission or directly to VA only if no State Referee Commission exists. Accreditation will be provided for a period of 2 years. State Referee Commissions will retain a list of accredited Level 2 Assessors they approve of and provide VA with the list. VA will have the final say in accreditation of Level 2 Assessors.

**Assessment Criteria Level 1 to Referee Level 2:** In order to provide some standardisation in feedback/assessment criteria and to provide an indication of a referee's capabilities, an assessment form has been developed. When a recommendation is made for upgrade, the attached (see *Appendix 1*) must be completed and lodged with the relevant state referee commission.

## 13. Attachment 3 – Fixed time matches (Win and Draw scenarios)

### Example of a Win

#### Scenario 1:

	Set 1	Set 2	Set 3
Team A	25	25	25
Team B	22	21	7

Team A wins 3-0

Why: All sets were played out to 25 points

#### Scenario 2:

	Set 1	Set 2	Set 3
Team A	25	8	25
Team B	11	25	7

Team A wins 2-1

Why: All sets were played out to 25 points.

#### Scenario 3:

	Set 1	Set 2	Set 3
Team A	25	10	13
Team B	12	25	11

Team A wins 2-1

Why: For all sets to be included a team must reach 13 points, with a 2 point difference.

#### Scenario 4:

	Set 1	Set 2	Set 3
Team A	25	22	20
Team B	18	25	21

Team A wins on points 67 point to 64

Why: One set all, no 2 point difference therefore add up total points.

#### Scenario 5:

	Set 1	Set 2
Team A	20	12
Team B	25	2

Team B wins 1-0

Why: Only one set was completed and the 2<sup>nd</sup> set did not reach 13 points

#### Scenario 6:

	Set 1	Set 2
Team A	20	13
Team B	25	2

Team A wins 33 points to 27

Why: One set all (2<sup>nd</sup> set reached 13 and

### Example of a Draw

#### Scenario 1:

	Set 1	Set 2	Set 3
Team A	25	22	15
Team B	22	25	15

Draw 1-1 and equal in 3<sup>rd</sup> set (62-62)

Why: Both teams won one set each and there was not a two point difference in the third set – add up total points. Total points are equal so it is a draw

#### Scenario 2:

	Set 1	Set 2	Set 3	Set 4
Team A	25	22	20	25
Team B	19	25	25	23

Draw 2-2 and all points are equal (92-92)

Why: Both teams won two sets each -add up total points. Total points are equal so it is a draw

## 14. Appendix 1 - Level 2 Referee Assessment and Recommendation

Name of Referee: \_\_\_\_\_

*Instructions:* This assessment sheet is based on the VARC-1 form. This assessment sheet includes those areas that are relevant to a Level 1 Referee seeking an upgrade to Level 2. The role of the assessor is to assess and provide feedback to the referee. Where an area of the rules is not included, e.g. application of sanctions, the assessor's role is to educate - how might the sanction have been applied. The referee should be able to apply each item on this sheet most of the time (>75%). Assessors should ensure that all referees recommended for upgrade to Level 2 have completed at least 18 games and have undertaken the role of 1<sup>st</sup> referee, 2<sup>nd</sup> referee, scorer and line judge. Refer to the NOAS guidelines for more information. When completing this sheet, the Assessor will indicate either 'Yes' (observed most of the time) or 'n/a' (not observed). The shaded area means that it is not applicable for that role.

<b>1. Service, player positions</b>				
<p><i>This part of the assessment relates to the rules applying to the execution of the service and the position of the receiving and serving team at the moment of contact with the ball by the server.</i>  <i>Feedback –1<sup>st</sup> Referee - Observe server and serving team. Know the basic rules of serving (blow for service when the server has the ball and the receiving team is ready, serve in service zone, hit ball with hand/arm within 8 seconds) and of positional/rotational faults. 2<sup>nd</sup> Referee – know the basic rules of positional/rotational faults and make sure the receiving team is being observed on service. Scorer – make sure that server is checked against the score sheet each time. Tell the 2<sup>nd</sup> referee is incorrect server.</i></p>				
	1 <sup>st</sup> referee	2 <sup>nd</sup> referee	Scorer	Line judge
<b>1.1 Obvious foot fault</b> <i>Guide – foot/feet of the server have obviously penetrated the end line. Line judge indicates to referee</i>				
<b>1.2 Serve off hand</b> <i>Guide – the ball is 'hand balled'. The player does not throw the ball up or release the hand holding the ball when contact is made.</i>				
<b>1.3 Serve within 8 seconds</b> <i>Guide – the ball is not served in 8 seconds from when the referee blows the whistle for service.</i>				
<b>1.4 Obvious positional faults</b> <i>Guide – 1<sup>st</sup> referee identifies players of the serving team that are not in their correct position at the moment of the hit of the serve, including a player being out of court.</i> <i>2<sup>nd</sup> referee identifies players in the receiving team that are not in their correct position at the moment of the hit of the serve, including a player being out of court.</i>				
<b>1.5 Rotational faults</b> <i>Guide – Scorer identifies that the incorrect server has served. 2<sup>nd</sup> referee blows whistle when scorer tells them.</i>				
<b>2. Ball Contact Control</b>				
<p><i>This part of the assessment relates to the rules applying to the ball's contact with the player and other objects.</i>  <i>Feedback – Watch players contact with the ball, ensure no more than 3 hits by a team. Follow the ball to pickup touches on blocks. Use your team (line judges &amp; 2<sup>nd</sup> referee). Encourage observation of and discussion with more experienced referees.</i></p>				
	1 <sup>st</sup> referee	2 <sup>nd</sup> referee	Scorer	Line judge
<b>2.1 First hit of the team - Obvious catch and throw</b> <i>Guide – The ball can be clearly seen to stop before being released.</i>				
<b>2.2 Second and third hit of the team – normal situation – Obvious catch and throw &amp; double contact</b> <i>Guide – A normal situation is when the player has not had to run to get the ball. The referee should be able to apply the most obvious catch and throws (see above) and double contacts. Examples of obvious double contacts include the ball travelling in a direction not</i>				

aligned with the direction of the feet/hands of the player. <b>Note: Noise and balls with some spin are not obvious indicators of double contact.</b>				
<b>2.3 Second and third hit of the team – extraordinary situation</b> Guide – An extraordinary situation is when the player has had to run to get the ball. The referee should <b>not</b> call minor technical breaches.				
<b>2.4 Four hits</b> Guide – This applies to 4 hits in general play (i.e. the maximum of 3 is exceeded) and the ball played into the net or the blockers hands.
